

OPTIONAL FORM NO. 10

Approved For Release 2001/08/07 : CIA-RDP71B00185A000100050192-6
UNITED STATES GOVERNMENT

SECRET

Memorandum

TO : DAD/IO

DATE: 29 January 1965

FROM : DAD/S&D

SUBJECT:

25X1A

I thought we were getting the radiometer for [REDACTED] in order to calibrate the [REDACTED] antenna. From [REDACTED] memo I sort of surmised that we are now thinking of an extended use of this equipment. In particular, I am not aware of any great rush to get it and your note about changing the priorities makes me wonder if there is an urgent use to which I am not aware.
